

Bertie's Brilliant Butterflies

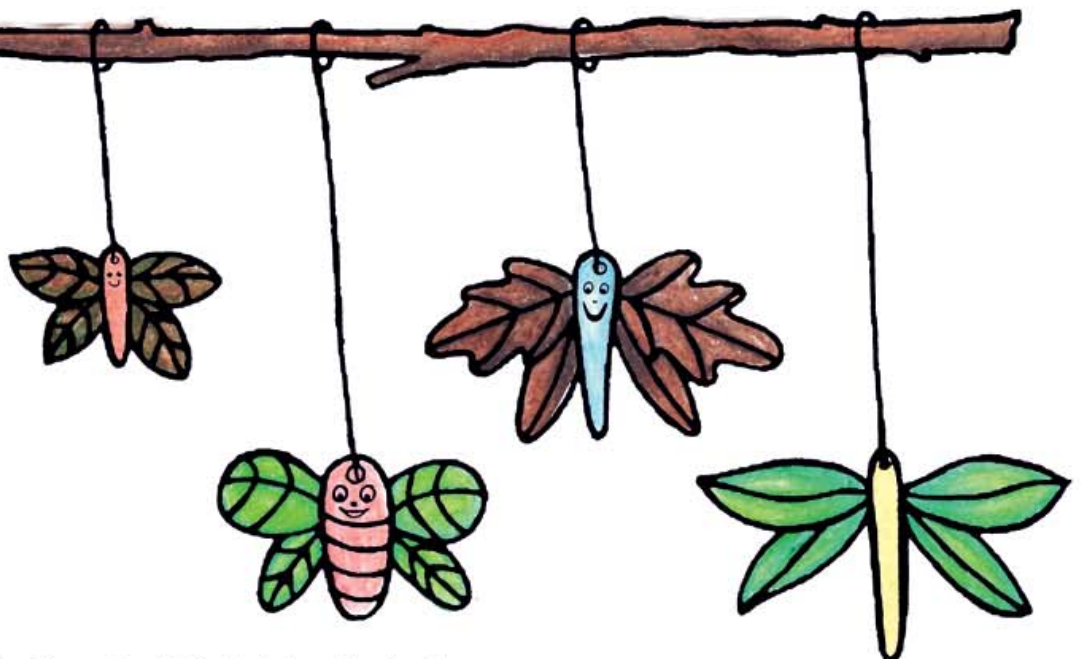

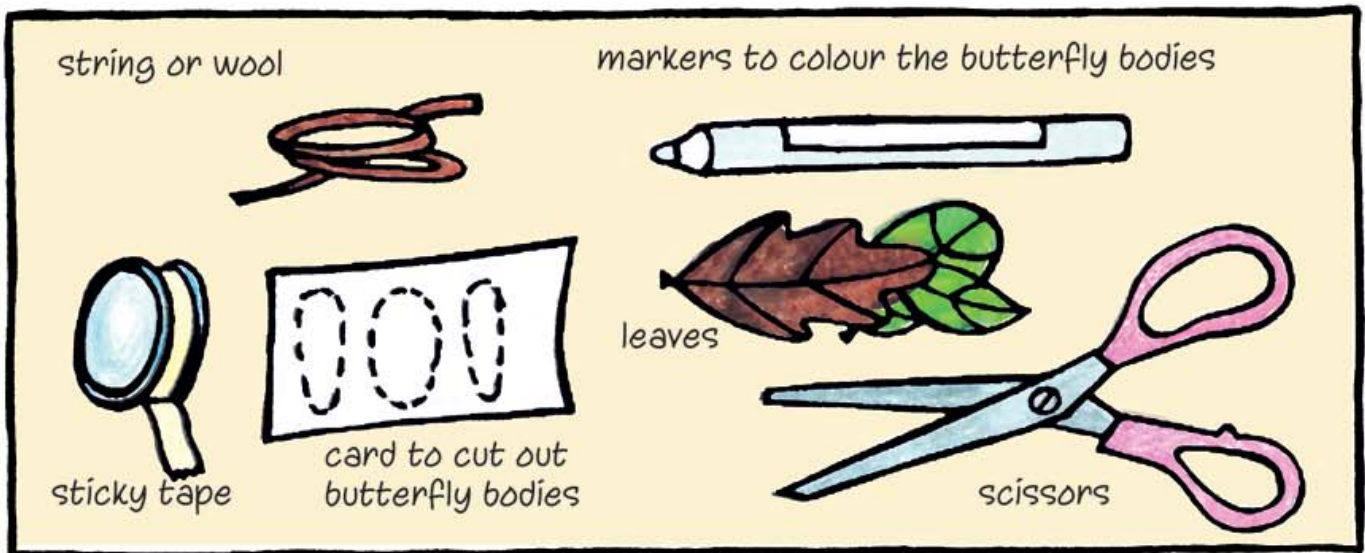

Cut out butterfly bodies from the card and add a hole for the string. Colour in the butterfly bodies.

Turn the body over, place the leaf wings on the body and stick them in place with tape.

After you have made a few butterflies you can tie them to a stick to make a mobile. You can add decorations and colour the butterfly leaf wings.

This is what you will need to make your brilliant butterflies:

Draw: Add leaf wings to this butterfly body.
